DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story, two bay brick house with shed roof is one of the tiny alley houses built along either side of Churchill St. and which at one time apparently served as housing for the servants of the larger houses on nearby Warren Ave. and Montgomery St.

The house is two stories in height, 15' wide, and occupies a lot 47' deep. The house is two rooms deep with a two story high, two bay deep rear addition. The house is constructed in running bond. The shed roof has a late Victorian brick and metal cornice. There is a hooded chimney located along the east side of the house.

The door and window openings all have splayed brick lintels and brick header sills. All of the window openings are filled with 1/1 double hung sash. A multi-light glass and panel door is set beneath a single light transom. The house sits on a fairly high basement, the entrance being reached by three brick steps. There is a rectangular coal opening located to the left of the steps.
